

HOLY TRINITY SCHOOL Classrooms at a Glance

5th Grade at a Glance

Providing rigorous expectations and joyful, student-center learning

Our 5th grade students:

- Recognize main ideas, draw inferences and make connections in fiction and non-fiction reading
- Explore scientific methods and foundational scientific principles through hands-on projects and experiments
- Acquire logic, number sense and scientific inquiry in cross-curricular collaborations
- Employ technology across the curriculum
- Utilize geographic skills in acquiring an understanding of American history

Please contact our Admissions Department at admissions@htsdc.org or visit www.htsdc.org/admissions for more information.
